

Vigoral Mol®

**SOIL CONDITIONER,
ORGANIC MATTER**

Benefits of use

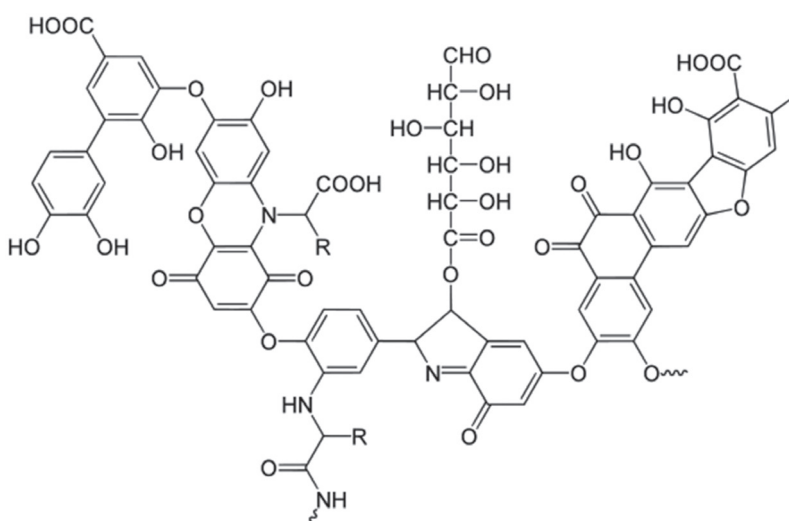

VIGORAL MOL® is based on organic matter from natural sources, namely sugar beet vinasse and its fermentations. It improves the physical-chemical properties by easing the cationic exchange and potassium, phosphorous and microelements availability.

VIGORAL MOL® also increases the total amount and availability of nitrogen. Organic matter stimulates the development of edaphic microorganisms, leading to a better and stronger development of the root system.

VIGORAL MOL® provides humic extract and a high content of potassium to soils, leading to better fruit development.

Composition

	(%w/w)
Organic matter	35,0
Total nitrogen	2,0
Organic nitrogen	1,80
Organic carbon	15,0
Total humic extract	18,0
Potassium (K ₂ O)	4,0

VIGORAL MOL® contains humic extract

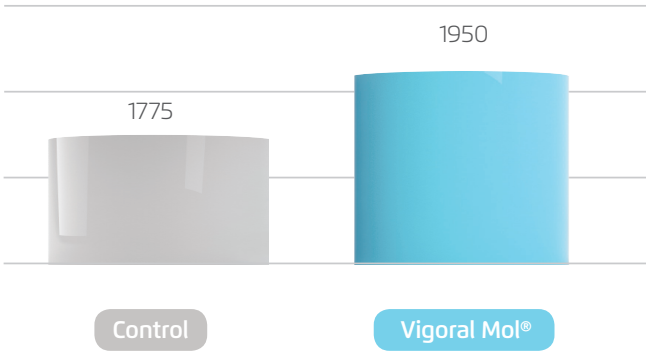

Olive trees, Spain

Efficacy Trials

YIELD, tomato / VIGORAL MOL®, (x5) (Catalonia, Spain).

YIELD g Tomato/Plant

Vineyard, Spain

System and time of application

Applications of **VIGORAL MOL®** improve soil structure and stimulate the development of edaphic microorganisms, leading to a healthier root system, and better yield at harvest. **VIGORAL MOL®** can be applied to any crop: ornamentals, fruit orchards, vegetables and turfs. Apply **VIGORAL MOL®** diluted in irrigation water. It also could be applied by foliar spraying.

Stability and storage

VIGORAL MOL® is stable at least 3 years from the manufacture date.

Keep in a fresh and ventilated place with temperatures below 50°C.

Do not store for prolonged periods under direct sunlight.

Keep away from children.

Do not eat, drink or smoke while handling this product.

Dosage

CROP	APPLICATIONS	DOSAGE (L/ha)
Vegetables	6	10 - 15
Fruit trees	4	20 - 25
Olive trees	4	20 - 25
Vines	3	20 - 30
Industrial crops	2	20
Turf	2 - 3	20 - 25
Ornamentals	3	10

Compatibility

For mixing with any other product conduct a test in a small volume to assess compatibility.
